Warranty provision--EDP warrants its product to be free from defects in materials and workmanship as long as the product is owned by the original buyer at the original location. Change in ownership or location voids the warranty. Mechanical mechanisms parts are warranted against defects for a period of one year. If you believe an EDP product is defective, please contact EDP or an authorized EDP representative immediately. If it is determined that the product is defective and has not been abused or modified by the user, EDP will promptly arrange for a replacement. The defective product should be returned to EDP.

EDP packing always meets or exceeds C.F.C. specifications; however some freight damage is inevitable. The product becomes the property of the recipient once it leaves the EDP dock. EDP assists in resolving claims due to loss and/or damage in shipment. To facilitate this process, it is important the customer follow the guidelines below:
Promptly note any apparent or visible damage or shortage on the freight bill or delivery receipt
Promptly unpack all merchandise to inspect for concealed damage
On discovery of any damage, save all cartons and packing material. Claims against the freight carriers will not be valid without the packaging.
Within 7 days from delivery, contact EDP or the authorized representative to report the damage and to supply any pertinent information.
EDP will assist in arranging for an on-site inspection.
EDP will advise direction regarding ultimate disposition of damaged goods.

Export Packing Charges--Available, quoted on request.
